Next Meeting

The next club meeting will be held April 28 at 7:15 p.m. at the Redwood Multi-Purpose Center, 3100 South Redwood Road. We will have a bourse and auction night.

Bill's Bull

Wow, I'm not much for writing, but I'll try to fumble through just one article. I would rather have a detector in hand than a pen. Speaking of detecting, now that the weather is in our favor, if you make any wonderful finds, or if you find something that you can't identify, lets us know so that we can publicize it in the newsletter and show off the club.

I've been doing some checking on getting a club patch for hats and jackets. In just two short month's I've learned that such patches really work to let people know about a club. I've got one on a hat from the I.T.H.A. out of Kaysville. People notice, believe me. I hate the idea of putting our club second in a conversation, but that's how its been lately. I'm not putting down the members of I.T.H.A., because they have a great club. It's just that we need something to brag about also. So, I'll try to have all the information about patches by the April meeting.

I'm looking forward to the club outings. We had alot of fun last year. I feel this year will be even better, what with all of the old and new places the wagonmasters will take us. There's only one problem - my number one partner will be at home most of

the summer with a new treasure. I've told myself it's better this way, because I need one summer alone just to catch up. She says, "Look out next year."

I better stop for now, my detector is getting cold. I hope to see you all at Fish Springs and at the other club digs.

Happy Digging Until the Next Time We Meet,

Bill

President's Message

Dear NUTS:

Last's month's meeting was a great success. We would like to thank Joe Rawson for an informative talk on underwater treasure hunting. It makes me want to go out to Saltair Beach and detect. There must be hundreds of gold and diamond rings out there...well...if only in my dreams.

This month's meeting is going to be a bourse and auction night. Anyone one who has tokens (or whatever) to sell or trade should attend this meeting. We all like to see what is new in each other's "trading stock" and talk about leads or finds of token caches. Also, if anyone wishes to auction any tokens or like material we will do that as well. I know that we have some jewelry to auction, silver and turquoise, I think.

Our club medals will be done by the May meeting and, as far as I know, the price will be the same as last year. At the April meeting we will be taking orders at \$3.60 per medal. Orders may also be sent to by address or brought into my coin shop.

The coin show is just around the corner and we need your help. Please consider exhibiting part of your collection. Norm Johnson is the exhibit chairman and any questions regarding exhibits should be referred to him. We also need your help with running the show. See George Wilson at the meeting about that.

Bring a Friend and We'll See You at the Meeting,

Bob

COIN SHOW TALK

Two month's from now we will hold our 4th Annual Coin and Token Show. Things are off to a flying start. One-half of our tables are sold. Last year at this time only one-third of the tables were sold. Each year dealers and the public become more aware of our show and, in turn, more aware of our organization. Our show is beginning to live up to its potential in many ways. But, it can still improve. For this to happen, we need the help

and cooperation of all club members. Our show can become a major influence in the area as well as a way to bring tokens to Salt Lake if all club members participate.

Take a handful of flyers at the next meeting. Sign your name on the sheet for the hospitality table. Put together an exhibit and bring it to the show. Volunteer some time on Friday or Sunday evening to help set up and take down. It's quite painless. You might even enjoy it.

Our Coin and Token Show is one of our most important fund raisers. Unfortunately, dues just don't cover all expenses. Dues have remained the same since 1982 when NUTS was formed. Since then, the cost of our meeting has gone up from \$0.00 to \$10.00 per night. The cost of mailing the Token Hunter has risen from 20 cents to 25 cents, plus constantly rising printing costs. Also, each year we rent a pavilion and buy soft drinks for our Summer picnic. Further, we give away several hundred dollars worth of coins and tokens at our Christmas party (over \$500.00 last year) plus the drawing at our monthly meetings sometimes costs more than we recover in ticket sales.

The good news is that all of these expenses have been taken care of by the money we make on our coin show each year and we haven't had to raise dues. Hence, each of us has an interest in making our show a success. So, take some time and lend a hand. We need your help and with it we can't miss!

The Davich Papers - Installment III

Editor's Note: There are some typographical errors and misspellings in the text. They do not, however, affect the content or the information. Remember that these papers were for Mr. Davich's personal use, not for publication. We hope that you're enjoying these papers, there are many more to come.

NAME: _ ANDERSON & CARLSON: _ Park City Utah.

DESCRIPTION of token, in collection.

OBVERSE: ANDERSON & CARLSON...PARK CITY.(A dash-(dot.)dash(-) appears below the word of PARK. Plain Border.

REVERSE: Good For 5¢ in trade...(A Star* before the word "GOOD" and A Star after the word FOR*. Plain Border.

Token is 21MM in size, and of brass metal.

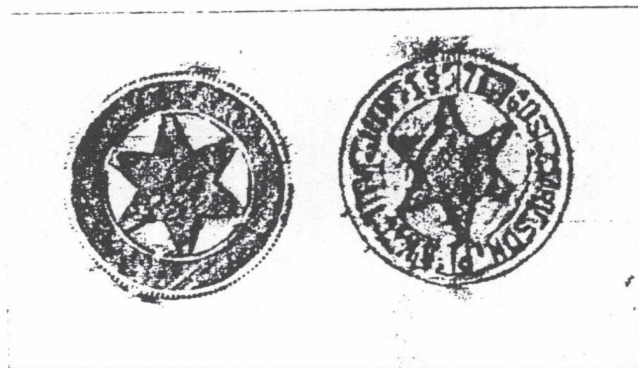

OBVERSE: GUS CARLSON, PARK CITY UTAH..1907. A large cut out "STAR" appears on the obverse.A dashed border(/) appears around the token.

REVERSE: Blank(Uniface) reverse, except a dashed border(/) around the token. Token is 32MM in size, and of Al. metal.

IMPRESSIONS: This specific token, is classified as a "Advertising Token", and didn't carry any monetary value, such as other tokens did. Am under the impression that at one time Gus Carlson, operated his own saloon,which carries the date of 1907,as records indicate he was issued a retail liquor license, bearing hiw name only, and not the name of Anderson & Carlson.

ANDERSON & CARLSON:

GUS CARLSON:1907.

NAME: ANDERSON & CARLSON:.....Park City Utah

REFERENCE: Park City Treasurer Receipt & Disbursement Book
from 1910 to 1923.

ANDERSON & CARLSON, issued a retail liquor license on the following dates:

GUSTAVE CARLSON, listed as Saloon for year of 1900. In Eureka, Utah.

"THE CRAZY DUTCHMAN"

by De Kelsey ATCO # 81

Like most towns named Eureka, the town of Eureka, Ut. was reported to be named so because when prospectors found the first indication of ore deposits they exclaimed "Eureka!" This exclamation is attributed to Archmedes, the celebrated philosopher, on the occasion when he discovered a method of determining the purity of the gold in King Hiero's crown. The literal translation of Eureka is "I have found it!" This brings to mind the story of one of Eureka's most colorful persons, John Beck, the crazy Dutchman.

Soon after the Eureka Hill discovery in 1871, Beck filed on and quickly sold a claim he had staked in the Diamond area to the Mond-Du-Lac Company for the price of \$1000.00. It was reported that one day while sitting on his porch, he noted the location of the Eureka Hill Mine upon the side of a hill. Turning his attention to the bottom of the gulch below, he staked some claims and started to dig a shaft. Everybody laughed. "Nobody but a crazy man would pick a place like that!" they said as they kept to the ledges and higher ground. "The old fool is digging a well, but he ain't even doing that where the water is!" mocked others. He was the town joke alright--Old Beck of "Dutch-town", but he kept on digging anyway.

I can hear old Beck utter that immortal word "Eureka!" (I have found it!) when he struck ore at the two hundred foot level. He had correctly surmised that the Eureka Hill vein would come over throw his Bullion-Beck property at the bottom of the gulch. Not only was this the case, but he found that his luck was far greater than he had at first realized! The vein was intersected by an east-west fault that resulted in even larger ore bodies than those of the Eureka Hill Mine. In his state of affluence, John Beck was able to do for others many of the things that were in his mind and heart. "He never forgot his own poverty when others were in need.

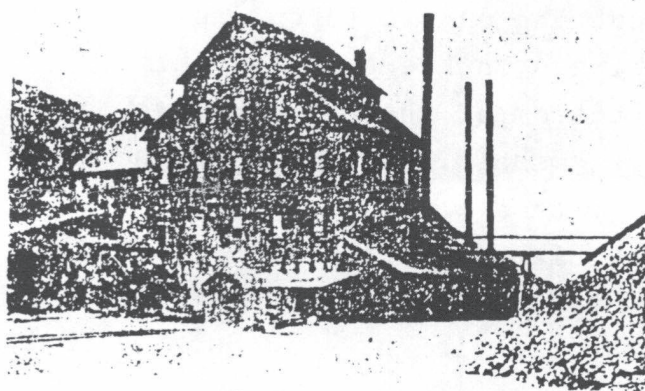

He was liberal to a fault. That quality, together with what might be called gullibility, caused him to spread his funds over to great an area. Like Midas and many other men, one streak of

good luck conditioned his mind to a state where he expected everything he touched to turn to gold. He got "touched" and others got the gold.

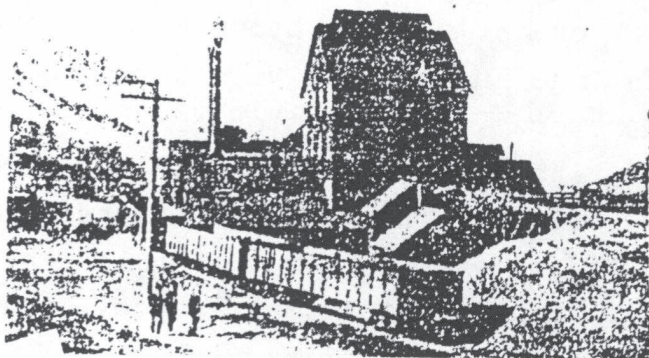

Old Beck of "Dutchtown", the Crazy Dutchman, died a poor man insipied of all the wealth that had passed through his hands.

NOTE: Dutchtown was the lower west end of main street in Eureka where the Bullion-Beck Mine and Store were located.

Juab County records show that a Gen. License was purchased by the Bullion-Beck Merc. Co. on Sept. 21, 1907 in the town of Knightsville, Knightsville was located two miles east of Eureka, and that this token was good at both stores. No tokens have been found from that store or any other store that was in Knightsville.

WAGONMASTER NOTES

I am not sure if this edition of the Token Hunter will be out before April 23 and 24, which is our trip to fish springs. Last year 4 trade tokens were found, along with a number of pre-1900 coins, during our Fish Springs trip. It is a big area and many places have not been hunted. On April first, Bill Turpela and I took a trip out to Fish Springs and we found a 1854 quarter, an 1892 dime, and an 1900 Indian Head penny. All of the coins were found within 10 yards of each other. It was probably an area that has never been gone over before.

If you do not know how to get to Fish Springs, meet me at the Redwood Multipurpose center parking lot on April 23 at 7:00 a.m. sharp. And dont forget your bug spray (also, cutoffs are not a good idea). A second group will be leaving the Redwood Multipurpose center 9:00 a.m. and will be lead by one of last years wagonmasters - Eric Jameson. This will give all you sleepyheads a chance to go along also.

As always - Good Luck

John Sroka
